Questa fanzine
si limita a
riportare un
fenomeno che
già esiste e
assolutamente
non incoraggia
il vandalismo
su treni.

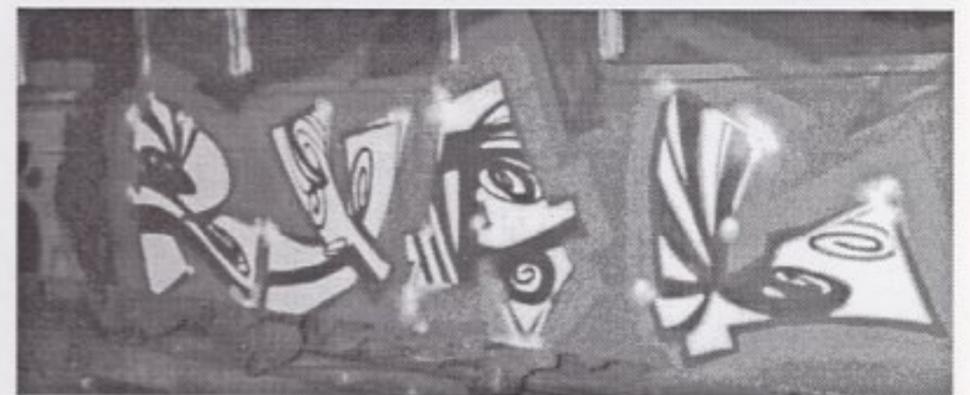

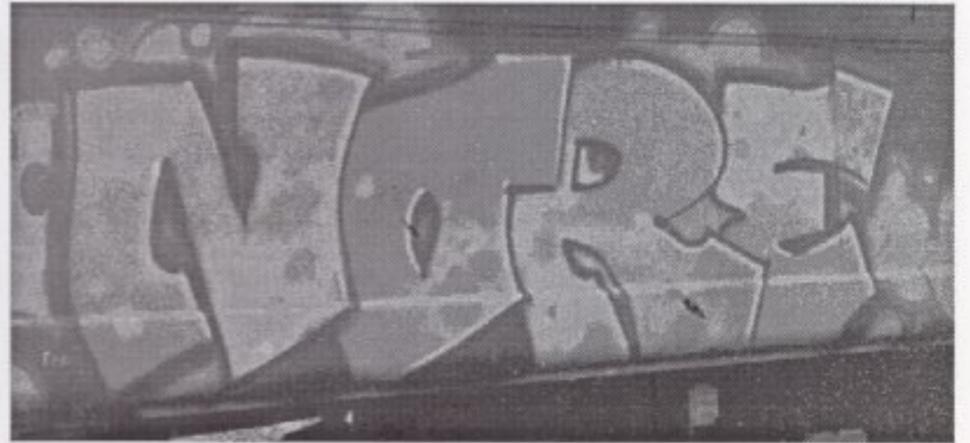

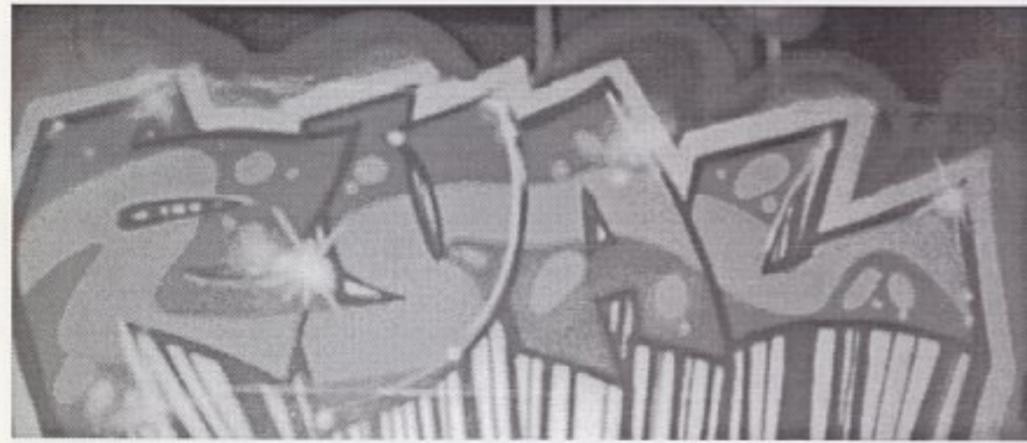

Prima uscita e prima paura, quella di non sapere se ciò che state leggendo (guardando) piaccia, sia a chi è contenuto in questa 'zine sia a chi, "profano della materia", osserva e critica. Comunque, sappiate che lasceremo parlare le foto, e al massimo ci occuperemo di chi pratica il tatuaggio dei treni.

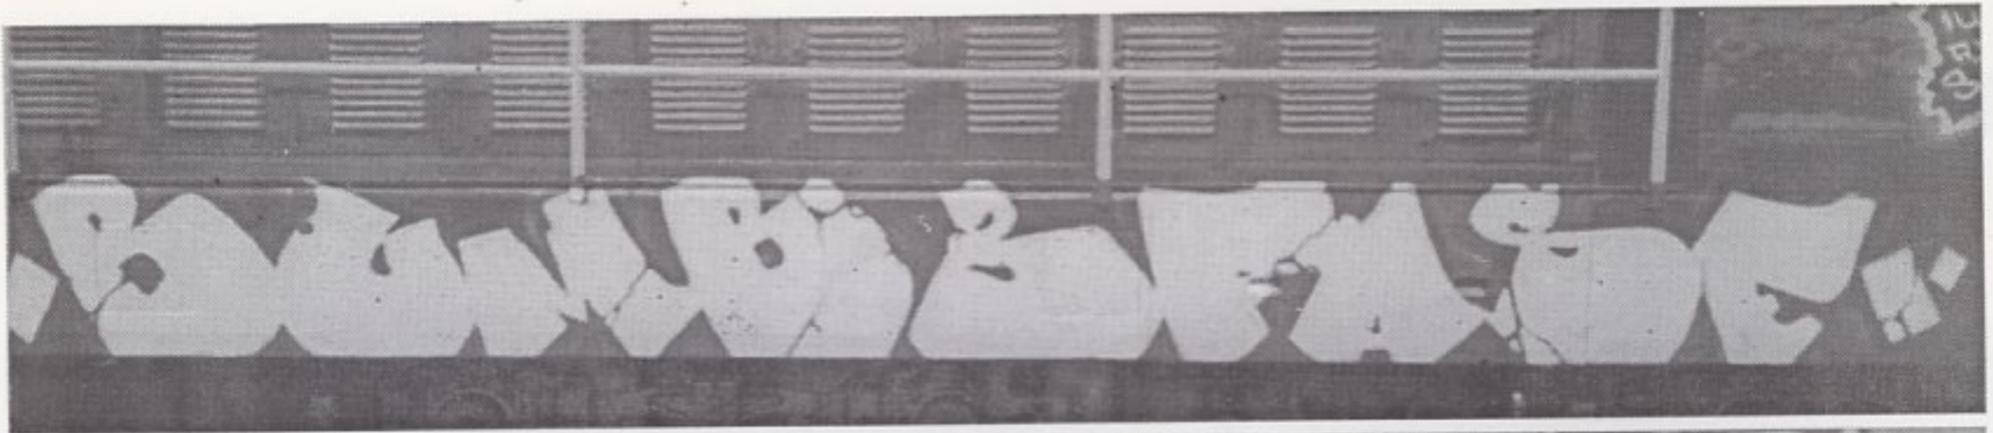

Ringraziamo e salutiamo chi nelle scure notti lascia un segno della propria fantasia: ERON ROK RYAL RUSTY CIUFS BENJA & S.P.A.
