Payload: 40,000 pounds (18,000 kilograms)
Unit cost: Approximately \$2.1 billion [average]
Date Deployed: December 1993
Inventory: Active force: 21 (planned operational aircraft)

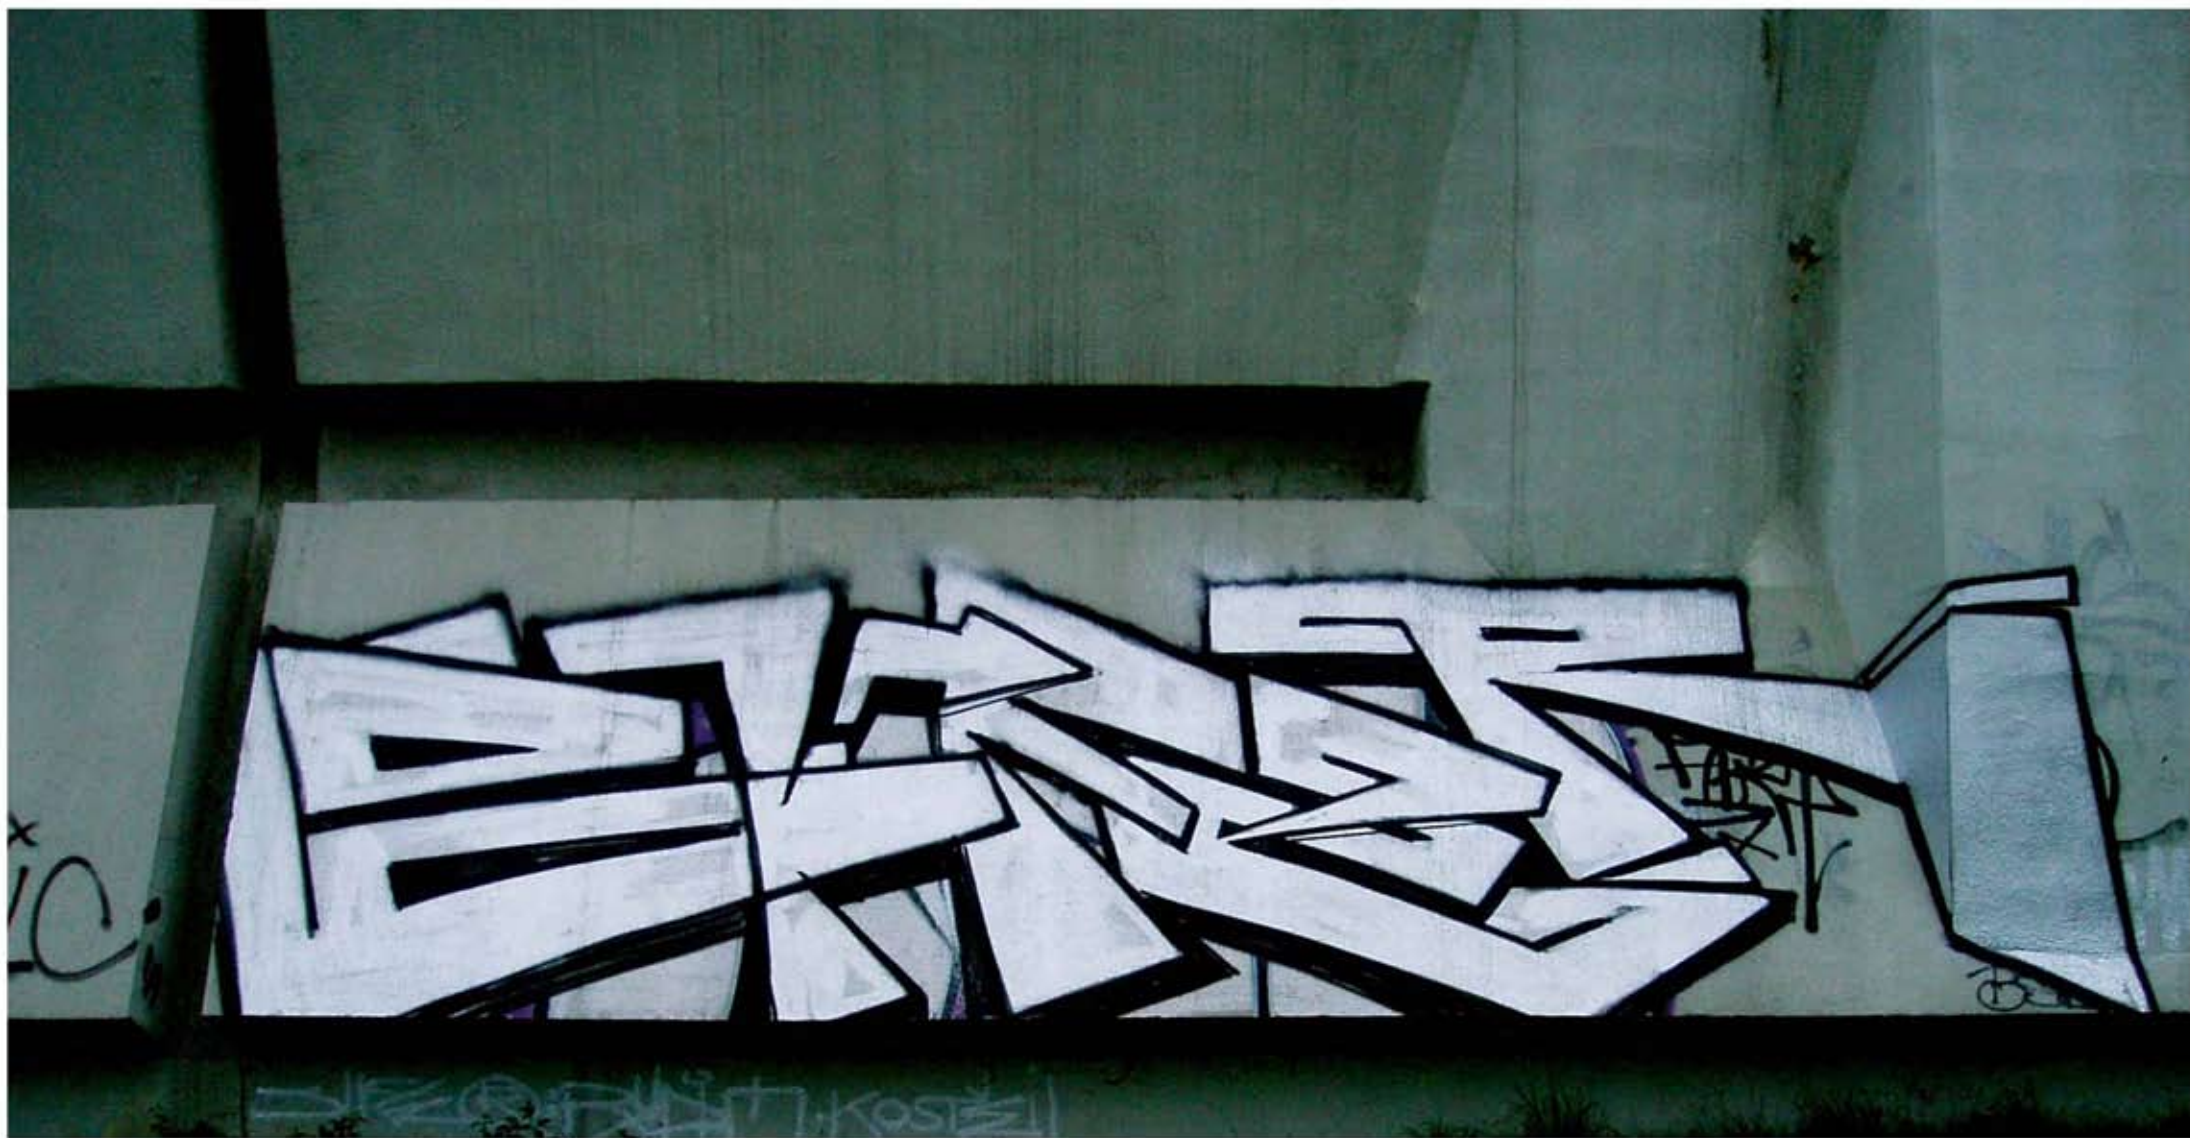

so i tried to send you some beginner pics that people send me for my fotolog but, i love those very much, i have to share it to the whole world!
if you are interested, i'll send you more of my finest cracky pics selection.
but the beginner section in the last upstream is fucking excellent!
so here is a crackism zip.
and i'll send you in a next mail some pics of what we made in france... some OPK/TT/ZOO
shits!
and viva upstream!

HUNGARY

Large, dark, stylized Chinese characters painted on a light-colored wall. The characters are arranged in two vertical columns, reading from right to left. The characters appear to be '大' (Great) and '字' (Character/Word).

White graffiti on a black background. The graffiti consists of a large, stylized character that resembles the Chinese character '天' (Heaven) or '天' (Sky), with a long horizontal stroke extending to the right. Above the main character are two small circles and a vertical line.

Black graffiti on a yellow background. The graffiti consists of a large, stylized character that resembles the Chinese character '天' (Heaven) or '天' (Sky), with a long horizontal stroke extending to the right. The background is a bright yellow color.

THE END
