[georgepitts.com](http://georgepitts.com)

**PETER DAWSON** pursued photography while studying biology and organic chemistry at Seattle Pacific University—it's an experiment which has yet to end. Originally from Washington state, he later moved to LA to study at the Brooks Institute of Photography. Dawson continues to make his home in LA where in his free time you'll find him trail running Griffith Park, snowboarding, or following his interests in aviation and architecture. Clients include Lexus, EMI Records, *Go*, *Runway*, and *Zoom-Zoom* magazines. [peterdawson.net](http://peterdawson.net)

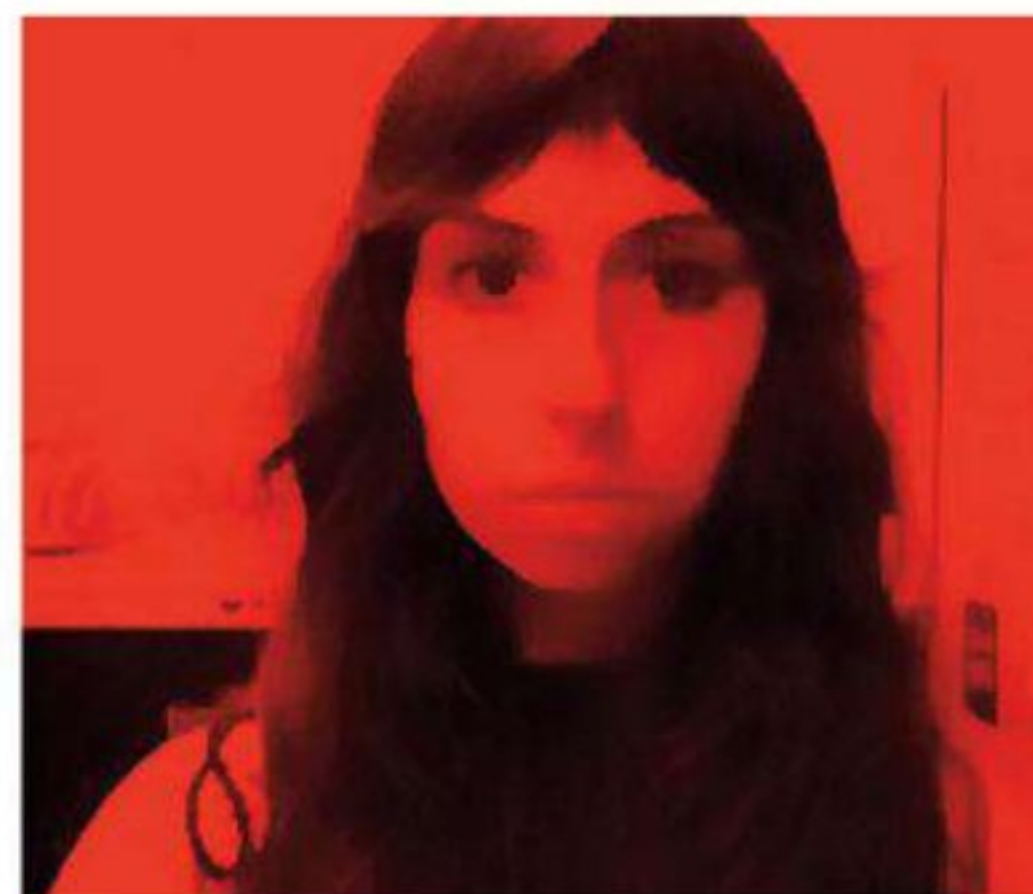

**CHRIS MARTIN** resides in South Florida, and specializes in wedding, family, portrait, commercial, and entertainment photography. **JANA CRUDER** was born and raised an East Coast girl. She studied at RIT where she learned the technical side of creating imagery, and soon after moved west to start her own studio. Jana is obsessed with observation of light and how it falls around the curves of the body. Her images are full of deep contrasts and saturated colors, and she aims to create images that capture the essence of her subjects. Some of her clients include Disney, *People*, *US Weekly*, *Complex*, and *Fitness Magazine*. [janacruder.com](http://janacruder.com)

**WILLIAM ALDEN MANNING** is a New York City based photographer and recent graduate of Johns Hopkins University. His thought provoking works inspired by the images of Helmut Newton, Richard Avedon, and Steven Meisel are as real as they are surreal, as heavy as they are blissful. William recently lensed the Fall/Winter campaign for DC based label The Good Kin. His fashion photographs have been featured in *DA Man Magazine*, *Anormalmag*, and *Touchpuppet.com*, among others. [williamaldenmanning.com](http://williamaldenmanning.com)

A photograph of a woman in black underwear with a large floral tattoo on her thigh. The woman is lying on a light-colored, textured surface, possibly a carpet. The lighting is soft and warm, highlighting the contours of her body and the details of the tattoo. The tattoo is a large, detailed floral design in shades of pink, red, and green, covering a significant portion of her right thigh. The background is slightly blurred, showing what appears to be a white chair or piece of furniture.

"I've always been the 'weird girl', in high school I always skipped class to get stoned and make art. I spent my focus on my eyeliner technique and my book collection, my socks didn't match and I didn't give a shit. I was the only Pterodactyl left in my species."

JOURNAL 1/26/2009: I've been so Busy lately with my comic book project, I'm spending all my time on it, and I dropped school because of that. Don't tell me I shouldn't have, because I-DON'T-CARE. I'm taking the risk and I think it's worth it. Anyways, I am way tired of classes and I now want to learn by myself and be active.
