# CONTRIBUTORS

**CHRIS CLINTON** is a filmmaker and photographer. Born in Pacific Palisades, CA he grew up avid surfer and skateboarder. He became a photographer on his 12th birthday, when his mother gave him his first camera then Clinton began shooting his friends hanging out. Fueled by an unwavering sense of adventure, he has traveled and lived around the globe, from Bali to Brooklyn. He divides his time shooting various editorial, advertising and personal projects. Clinton resides in Brooklyn where likes to cook and jump rope in his spare time. [chrisclintonphoto.com](http://chrisclintonphoto.com)

**GAVIN THOMAS** is from a small town outside of Rochester, NY. A graduate of Rochester Institute of Technology, he has been shooting in New York City since 2008. Using both digital and analog cameras, Thomas has created a diverse and unique style that is bold and in your face. In addition to having clients like *Marie Claire*, *New York Magazine*, AOL, and Crocs, Gavin's work has appeared all around the world from Japan to Hong Kong to Australia and numerous outlets throughout Europe. He shot Justin Bieber before the kid got cocky. [gavinthomasphoto.com](http://gavinthomasphoto.com)

**EDUARDO A. GARCIA** is an award-winning filmmaker and photographer living in Austin, TX. With the motto "spilling light," Garcia works with both moving and still images. His photography has been published in books and magazines, and his acclaimed films and music videos have premiered in film festivals around the globe. Most recently, he wrote and directed, *Please Hang Up And Try Again*, a short film presented via the perspective of one-sided phone conversations. True to form, when he spills light, he never ever cleans it up. [EduardoAGarcia.com](http://EduardoAGarcia.com)

**JASON PERKINS** is a 42 year-old self-taught photographer, who first picked up a camera four years ago. He suffered a cardiac arrest in August 2012 and had to undergo major heart surgery but back with a renewed love of anything retro and vintage he has been making art. He loves his dogs, films and shooting tattooed models. If he has his druthers Perkins prefers to shoot in natural light, as he feels that there's just something special about capturing an awesome image in nature. [jasonperkinsphotography.co.uk](http://jasonperkinsphotography.co.uk)

**PETER LARSON** is a 25 year-old photographer based in Cleveland, OH whose early career has been focused on taking portraits of musicians. He shoots for *Vice*, *iHeartRadio*, *The New York Times*, and *Mom + Pop Music*, to name a few. He recently shot a gritty series entitled *Brothers* (Google at your own risk). When Larson isn't taking pictures, he's walking his two dogs or painting abstract portraits in his studio or carrying one of his dogs like a shepard hoisting a lamb. [peterlarsonphoto.com](http://peterlarsonphoto.com)

**CHARLIE LANGELLA** is now a Los Angeles-based photographer who specializes in portrait and fashion photography. He was born in New York, raised in the back of a van, and spent his most formidable teenage years surfing the beaches of San Diego. He uses the camera in more ways than just taking snapshots. "Photography has always been my place to hide and feel invincible," Langella says. "The power of the camera and still image is undeniable. My goal is to create something different, beautiful and worthwhile." [charleslangella.com](http://charleslangella.com)
