CONTRIBUTORS

JILLIAN HUGHES is a photographer whose work keeps her between Baltimore, MD and Nashville, TN. She has predominately worked in portrait photography and had some of the biggest names in country music behind her lens over the past few years. Despite working in the mainstream media, she will always hold a special place in her heart for girlie photos and making ladies feel their prettiest when they are in front of her camera, tattooed or not. She also enjoys puppy dogs, coffee and The Golden Girls.

VICTOR RODRIGUEZ was born and raised in San Diego with a love for the unusual. During his upbringing Victor was always looking for a creative outlet and, after realizing that manual labor wasn't for him, he picked up a camera and moved to Los Angeles. The fruits of his journey both spiritually and location-wise can be seen in the following pages as he uses Little Linda as his muse. When not photographing rad tattooed babes, he can be found stuffing his face, hanging out with cats, and watching bad horror movies.

AMANDA VALENTINE is a continental traveling photographer based out of Philadelphia, PA. She finds importance in capturing the true essence of each subject while still pushing many of them just beyond the confines of their most comfortable zones. She is highly invested in creating a positive atmosphere and experience for each and every person who comes in contact with her camera's eye. Her goal- to show my audience how beautiful each subject is in her eyes.

SEAN ROSENTHAL was born and raised in Southern California. He found photography while traveling the states in the late 90's with various hardcore and post hardcore bands. His passion grew for the art of photography over the last 12 years and he now shoots images and ad campaigns for national brands like Pepsi, Simple Mobile, CES, Quiksilver, Bowlmor Lanes, and more which give him the freedom and time to shoot what he loves best for magazines such as Inked Girls.

HUGO VELAZQUEZ has always been intrigued with photography since childhood and now actually gets to create his own art work through the lens. Being open to new ideas and challenging projects keeps him on his toes, always looking for a better shot than last. He doesn't believe there will ever be a time when nothing else is left for him to capture with a camera. The possibilities are endless and that drives me to create art and love photography even more

RAY GUTIERREZ is self taught photographer based in Southern California who now holsters 30 years of experience in advertising as a creative and art director, designer, illustrator and photographer. Although he's graced the pages of Inked Girls with his photos of the lovely Chantil, Gutierrez shoots everything from editorial, fashion, lifestyle, portraiture and motor sports. Additionally, Gutierrez is a guitar junkie who plays and collects guitars and is currently working on guitar book.
