# CONTRIBUTORS

**CAMRAFACE** aka Jennifer Rovero is an LA based photographer that plays both sides of the lens and never leaves home without her camera. She acts as a behind the scenes photographer for various celebrities which has taught her how to run and gun with the best of them. Raised on the idea that studio can never really beat honest moments she takes a journalistic approach in her work. If you happen to see her running the streets for photos you should most definitely stop her and ask for a collab. She's into it.

**SONJA LUX** runs a photography studio based in Boston that caters to alternative models. She started her photography career as a photojournalist for a national newspaper.
