CONTRIBUTORS

CAT PETTUS of Kat Attack Photography is a Northern California based conceptual and alternative portrait photographer. Traveling all over the world as a freelance artist, she holds a bachelor's degree in photography and enjoys photographing beautiful tattooed women from all stretches of an atlas. She uses the feminine form to fill her frame, cutting quite nice images that evoke a sense of wanting. The question becomes who wants it more: the girl in the photo or the onlooker? Flip through to put yourself in that situation. katattackphotography.com

SEAN ROSENTHAL was born and raised in Southern California. He found photography while traveling the States in the late '90s with various hardcore and post-hardcore bands. His passion has grown for the art of photography over the last 12 years and he now shoots images and ad campaigns for national brands like Pepsi, Simple Mobile, CES, Quiksilver, Bowlmor Lanes, and more, which gives him the freedom and time to shoot what he loves best for magazines such as *Inked Girls*. seanrosenthal.tv

STEVE PRUE likes coffee, instant film (not instant coffee), and big hair. His work can be seen in *Inked Girls*, *Zink!*, *Hustler*, *Playboy.com*, *Suicidegirls.com*, *Burningangel.com*, and other interesting places. His pictures can also be found in other quality magazines located behind the counter at the finest convenience stores and gas stations across the country. He and his wife own a Topless Money Pit disguised as a 1973 Ford Mustang that runs on dollar bills—she's named Amber. teamrockstarimages.com

HUGO VELAZQUEZ is a freelance photographer and runs Hugo V Photography. Being intrigued since childhood, Hugo now actually gets to create his own artwork through the lens. Currently specializing in alternative-glam-boudoir and tattooed photography, his work can be seen all over the world. By being open to new ideas and challenging projects, he keeps his passion going; always looking for a better shot than last. He believes there will ever be a time when nothing else is left to capture with a camera. hugovphotography.com

GLENN WALLACE is a self-taught photographer, with a degree in videography. He enjoys being able to express his creativity and prides himself on working with natural light. Wallace enjoys working on location, and has an obsession with nature. He enjoys working with models to showcase the individuality of each girl and set-up. When not attached to his camera or laptop editing. Wallace can be found screaming at the TV and watching his favourite football team Manchester United. creativeinstincts.co.uk

BRADLEY MEINZ born left handed (but watch out for his right hook)—Meinz's photographs are defined through his ability to breathe with his subjects. Now LA based, he earned his BFA in photography from MIAD. His motto is "honor your truth," the soul of which you can see in his photographs. Bradley's photography has been published in such magazines as *Rolling Stone*, *People*, *UK Guardian Weekend*, *Esquire*, *The Advocate*, *TV Guide*, *Empire*, *Neon*, and *Time Out NY*. bradleymeinz.com
