CONTRIBUTORS

HUGO VELAZQUEZ better known as Hugo V, is a full time traveling photographer out of Omaha, NE. Originally from Southern California, he moved to Denver, where he found his passion for photography. With his unique style for capturing tattooed models, he developed a look that is recognized around the world. His work has been internationally published and can be seen in a wide variety of publications. While being known for his alt, tattoo and glam photography, he also specialized in fashion and commercial work. hugovphotography.com

GLENN WALLACE is a self-taught photographer, with a degree in videography. He enjoys being able to express his creativity and prides himself on working with natural light. Wallace enjoys working on location, and has an obsession with nature. He likes working with models to showcase the individuality of each girl and set-up. When not attached to his camera or laptop editing, Wallace can be found screaming at the TV and watching his favorite football team Manchester United. instagram.com/creative_instincts

SHANNON ADAMS grew up in Tampa but is still a big kid. She can always be found wandering the street of Ybor City—drinking too much coffee, being ridiculous and shooting badass tattooed men and women. "I've got a great family and wierd friends who have always supported me and pushed me," she says. "Here I am getting to do what I love everyday, and I couldn't be happier." She has been published in *Tat2 Magazine*, *Showclass* magazine, and has shot for Steadfast Brand, Still Proud clothing, and Warwagon Florida. studio77photography.com

MICHAEL MAE is a Los Angeles-based photographer who excels in composing evocative portraits of tattooed models. Entirely self-taught, his is a collaborative process between subject and shooter, space and time. By juxtaposing these opposites, his images seek to reconcile the viewer's preconceptions of his subjects within the mise-en-scene. Published internationally, his work can be found in the latest SuicideGirls book *Geekology*. More notably he dreams of electric sheep and enjoys the evening redness in the West. michaelxmae.com

JUSTIN SWAIN is a freelance photographer based out of the Seattle, WA area. His shots are pretty, and often of pretty girls in various states of undress. For the past three years he's been specializing in glamor, lifestyle, and streetwear fashion. Swain tells us that photography has helped him express his creativity and network with some amazing people. He plans to travel as much as possible in 2015 with goals of expanding his skills and working with new models and brands. All-in-all he just wants to make "dope stuff." flickr.com/photos/jswain

LOREN CUTLER was raised in the Bay Area near San Francisco, CA. This a-dork-able girl has been pursuing her love for photography for a few years and is now located in downtown Portland, OR. There, she has harnessed her passion for photograping *all* women. She adores the sexy side of photography and tries to capture each model's beauty in the best way possible. Outside of photography, Cutler loves Frank Sinatra, baseball, Morticia Adams and sci-fi movies like *The Fifth Element*. lorencutler.com
