CONTRIBUTORS

VICTOR RODRIGUEZ was born and raised in South San Diego with a love for the unusual. During his upbringing, Victor was always looking for a creative outlet, and after realizing that manual labor wasn't for him, he picked up a camera and moved to Los Angeles. The fruits of his journey both spiritually and location-wise can be seen in the following pages as he uses Chelsea Gabriellee as his muse. When not photographing rad tattooed babes, he can be found stuffing his face, hanging out with his cats, and watching bad horror movies. victorrodriguezphoto.com

GLENN WALLACE is a self-taught photographer, with a degree in videography. He enjoys being able to express his creativity and prides himself on working with natural light. Wallace enjoys working on location, and has an obsession with nature. He likes working with models to showcase the individuality of each girl and set-up. When not attached to his camera or laptop editing, Wallace can be found screaming at the TV and watching his favorite football team Manchester United. instagram.com/creative_instincts

DANIEL HANSON is a photographer based out of Phoenix, Arizona. After spending four years in Afghanistan as a military contractor, Hanson began to seriously pursue photography in 2013. He is known for his work with alternative models such as Heather Moss and Nikki Nichole but is always seeking to elevate his photography through artistic stylings. He considers his girlfriend to be one of his biggest supporters because she constantly inspires him to find ways to take his art to the next level. And she puts up with him shooting models. hansonsphotos.com

HUGO VELAZQUEZ better known as Hugo V, is a full time traveling photographer out of Omaha, NE. Originally from Southern California, he moved to Denver, where he found his passion for photography. With his unique style for capturing tattooed models, he developed a look that is recognized around the world. His work has been internationally published and can be seen in a wide variety of publications. While being known for his alt, tattoo and glam photography, he also specialized in fashion and commercial work. hugovphotography.com

JOSHUA PAULL is an editorial, lifestyle, fitness, and glamor photographer with a simple sexy fun style. Running a client friendly, service oriented business Paull believes that great creativity is often a result of a team effort which includes working with hair, makeup, and wardrobe stylists as well as the client themselves. Based in Brooklyn Heights he is ready at any time to travel the globe to make outstanding images. His calm demeanor makes it ideal for both professionals and amateurs alike to get the very best photographs possible. joshuapaul.com

LOREN CUTLER was raised in the Bay Area near San Francisco, CA. This a-dork-able girl has been pursuing her love for photography for a few years and is now located in downtown Portland, OR. There, she has harnessed her passion for photographing *all* women. She adores the sexy side of photography and tries to capture each model's beauty in the best way possible. Outside of photography, Cutler loves Frank Sinatra, baseball, Morticia Adams and sci-fi movies like *The Fifth Element*. lorencutler.com
