CONTRIBUTORS

JAMES OLIVEIRA is a self taught photographer based out of the Los Angeles. Oliveira first developed an interest in photography during college while working for a one-hour photo lab. Photography soon became his main creative outlet. After studying abroad in Tokyo, Oliveira soon began shooting freelance for *Cure*, a Tokyo-based music magazine. Oliveira's work has been published several times both domestically and internationally. We know you will enjoy his steamy shoot with Riley Jensen, one of our favorite Inked Girls of all-time. jamesoliveira.com

LANI LEE currently lives in New York with her husband and small child. For the last five years she has been a bi-coastal photographer. She has 12 years experience working for magazines like *Playboy*, *Inked*, *Rolling Stone* and *FHM*. Some of her clients have been Atlantic Records, Universal, Microsoft, and Redbull. Her most recent body of work Mug Shots consists of graffiti writers and gang members portraits—subjects that normally would not consent to being photographed. She brings softer subjects Alysha Nett and Joy Jessica to our pages. lanilee.com
