## INK

We are always looking for great tattoos, flash and artwork to feature in Skin Shots International.

If you want to send us your work to potentially be seen by a global audience of thousands, here's how to do it:

We accept submissions by email to...

[editor@skinshots.co.uk](mailto:editor@skinshots.co.uk)

You can also make use of Dropbox, Hightail or one of the many other large file transfer services available using the same address. We are also beginning to phase out CD/DVD as an acceptable method of receiving images. With these time and resource saving digital methods, let's give something back to the planet along the way.

Please make sure your images have a resolution of **300dpi** and have a minimum size of **100mm x 150mm**. A good rule of thumb is to ensure each image is at least 1mb in size for good reproduction in print.

We no longer accept photographs, negatives, computer printouts or any other hard copy media as a means of submission. Now... let's see what you've got.

# Erase and Replace

Do you want to erase an old tattoo to make space for a new one, or alter an existing tattoo?

Getting rid of your tattoo (or part of a tattoo) has never been easier, faster and more affordable. Picosure lasers are up to 4x faster in removing tattoos than any other lasers and we can clear even resistant tattoos that have stopped responding to other laser treatments.

- Fastest tattoo removal in the world
- Most affordable tattoo removal in the world
- Removes most tattoos in 3-4x sessions
- FDA approved
- Prices from £79/ session
- Easy payments from £39/ month
- Free consultation
