The Third Reich

While fully understanding the negative feelings national socialist characters and iconography may produce, the company's approach to the topic is strictly limited to historical and aesthetic standards, far from any political or ideological adscription.

ASCULP
Andrea Sculp

- Andrea Sculp is a quality modeling clay, ideal for creating master figures or conversions from stock miniatures, sealing and repairs of metal, plastic or resin models and dioramas
- Andrea Sculp is presented in 70gr packs containing two sticks in different colors: base and hardener
- Easily worked
- Water soluble
- Fast setting
- Extremely hard once fully cured
- Excellent adhesion to most surfaces

CONV-01
Converter 54 mm

- The solution of which wants to begin modeling figures
- Easy to assemble
- Kit includes brass skeleton, metal frame with thorax, pelvis, shoes, head and two sets of hands
- Its designs allows infinite movement of the skeleton into very realistic positions
- Complete instructions in Spanish, English and French, including a step-by-step process showing how to sculpt a figure

AAW-01
Andrea Artificial Water

- Product contents: Epoxy resin (250g) and hardener (130g), 2 syringes and manual in four languages (Spanish, German, French and English) with complete step-by-step pictures
- Completely transparent crystal clear
- Doesn't yellow or crack with age
- High impact resistant
- Odorless and easy to handle
- Slow setting time (24 hours) that releases any air bubbles, water character can be worked in as the resin hardens
- Low temperature reaction allows for multiple layers
- Paintable after curing

AAS-01
Andrea Artificial Snow

- The ultimate product for creating snow in scale
- Easily applied to figures, tanks, and vehicles, plus train and slot layouts
- Works on any surface

STEELWOOL-01
Steel Wool

Figure-polishing fine steel wool

WOODEN BASES

Andrea Miniatures wooden bases are manufactured from top quality raw materials by qualified craftsmen. Handmade varnishing and polishing are to make available to our customers completely finished product able to show properly those miniature works of art.

- All measurement s are of the upper surface
- The bases are fully suitable for our figures
