

FROG

PAINTING KITS

ADD THE FINISHING TOUCH

The ideal paint for all polystyrene plastics, these kits contain thixotropic enamels which enable ease of application and complete coverage.

PC/01 Tube of Polystyrene cement — non-inflammable and non-stringing. Specially prepared adhesive for polystyrene plastics — permanently binds the parts together. **7d.**

FP/01 Carton of 6 authentic colours — black, white, red, yellow, sea-green and sky-blue. Semi-matt finish. **3/-**

PK/02 Economy Enamel Painting Kit containing 8 colours, thinners and matting agent. Artist brush included. **2/6**

PK/04 Blister Pack Painting Kit containing 6 colours. **2/-**
